TEAM HIGHPOINT ANNOUNCES ADDITIONAL 2012 CLIMB

Colorado based Team Highpoint is proud to announce the upcoming departure of their trip to Japan on June 30th to make an ascent of the country's highest mountain and one of the most sacred on Earth, Mt. Fuji (12,389 feet). They will also be traveling to Europe in late July and early August to climb the highest points in the countries of Spain (11,414 ft.), Portugal (7,713 ft.), and Andorra (9,652 ft.). These four countries will be, if Team Highpoint is successful, the 10th, 11th, 12th and 13th International country highpoints reached in a 25 month span.

Team HighPoint formed the non-profit 501(c)(3) 50 For Tibet fund raising project in support of **The Rowell Fund For Tibet**. They returned from Scandinavia in July where they successfully achieved four (4) new country international highpoints (Norway, Finland, Sweden & Denmark) from June 26th through July 10th. With the five (5) international country highpoints achieved in 2010, Team HighPoint has now accumulated nine (9) total international highpoints and 48 U.S. state highpoints (as well as Washington D.C.) since the project's inception in June 2006. Since **50 For Tibet's** beginning in 2006, over 120,000 miles of travel have been logged and approximately \$210,000 in donations have been raised to promote The Rowell Fund For Tibet (www.savetibet.org/about-ict/rowell-fund-tibet), an organization which provides grants to help preserve the threatened Tibetan culture.

Team HighPoint consists of John Jancik (Parker, Colorado), Terri Baker (Parker, Colorado), David Baker (Denver, Colorado) and Steve Gardiner (Billings, Montana). John and Terri, who originally met the late, legendary photographer and mountaineer Galen Rowell in 1995 as the three of them prepared for their participation in the 1996 Top Of The World Expedition to northern Greenland, now serve on The Advisory Board of The Rowell Fund For Tibet. On September 23rd, 2006, Team HighPoint was honored with a special meeting with His Holiness The Dalai Lama during his visit to Colorado.
